Re: CORPS PERMITS, DEC
The Seventeen-Hundred Development
Town of Guilderland, Albany County
10PR07494

Dear Ms. Leonard:

The State Historic Preservation Office (SHPO) has reviewed the information submitted for this project (*Phase I Archaeological Investigations of the Proposed Crosstree Corporation Project, Town of Guilderland, Albany County, New York*, dated April 2011, prepared by Landmark Archaeology, Inc.). Our review has been in accordance with Section 106 of the National Historic Preservation Act and relevant implementing regulations.

Based on the information provided, SHPO recommends that the planned project will have **No Effect** on historic properties listed or eligible for listing on the National Register of Historic Places. This recommendation pertains only to the Area of Potential Effects (APE) examined during the above-referenced investigation. Should the project design be changed, SHPO recommends further consultation with this office.

These comments are those of the Field Services Bureau and relate only to Historic/Cultural resources. They do not include potential environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8) and its implementing regulations (6 NYCRR Part 617).

If you have any questions please don't hesitate to contact me.

Sincerely,

Philip A. Perazio, OPRHP
