Honorable Peter Barber, Supervisor
Town of Guilderland
P.O. Box 339
Guilderland, New York 12184

RE: Start of Construction
Paving and Other Roadway Improvements
Route 146 (Carman Road) between Western Avenue (Route 20)
and Coons Road
Town of Guilderland, Albany County
NYSDOT Contract D263980

Dear Supervisor Barber,

We are pleased to advise you that work on the above-referenced project is scheduled to start on the evening of Thursday, August 13.

The work will include a 2” depth mill and fill paving, shoulder backup restoration, repair of heaved or damaged sidewalk panels, installation of a new curb ramp at the Rainbow Drive intersection, guide rail replacements as needed, and cleaning of drainage structures. Each of these operations is expected to begin at one end of the project area and progress through it.

The road will remain open at all times during construction, with alternating one-way traffic or lane shifts in the work areas, controlled by flagpersons. Given the importance of Carman Road to area circulation and commuting flows, this work will be progressed during nighttime hours.

The current expectation is that the work will take approximately three weeks – until Thursday, September 3 – to complete, subject to weather and other conditions encountered in the field. We will advise you if the pace of progress necessitates a significant change to the expected completion date.

Should you have any questions regarding this work, please contact me at 436-3931 (field office), 795-8474 (cell) or Mike.Macri@dot.ny.gov.

Sincerely,

Mike Macri
Project Engineer-in-Charge
